

include/features.hpp

```
graph TD; A[include/features.hpp] --> B[pcl/point_types.h]; A --> C[pcl/point_cloud.h];
```

The diagram illustrates a header file dependency. At the top, a box labeled 'include/features.hpp' has two blue arrows pointing downwards to two separate boxes. The left box is labeled 'pcl/point_types.h' and the right box is labeled 'pcl/point_cloud.h'. This indicates that the 'include/features.hpp' file includes or depends on both 'pcl/point_types.h' and 'pcl/point_cloud.h'.
